

I am Dr. Isha Mehra. I completed my academic journey, spanning from LKG in 1990 to 12th grade in 2004, at Marshall School in Dehradun, with Roll Number D-1673. Subsequently, I pursued my undergraduate studies at D.A.V College, H.N.B Garhwal University, and later earned a Master's degree in Physics from D.A.V College, Dehradun. Having achieved commendable All India ranks in the GATE exam, I secured admission to the research/PhD program at IIT Patna, where I conducted research in Optical Encryption. Currently, I am serving as an Assistant Professor and subject head (SH) at ABES Engineering College, Ghaziabad (NBA Accredited), affiliated with Dr. APJ Abdul Kalam Technical University, Lucknow.

My self-Ayush Mehra. I completed my entire academic journey, from LKG in 1998 to 12th grade in 2012, at Marshall School, Dehradun. My Roll Number was D-252. Following that, I pursued my undergraduate studies at Kirori-Mal College, University of Delhi. I furthered my education by earning a Master's degree in Physics from D.B.S (P.G) College, Dehradun.

Having successfully cleared the NET/JRF exam, GATE exam, and J.E.S.T Exam with commendable All India ranks, I secured admission to IIT Madras. There, I earned my MTech in Electrical Engineering (2020 - 2022). Thereafter, I was accepted into the Ph.D./research programs at both IIT Madras and IIT Delhi. Additionally, I received an offer of admission from Ben-Gurion University of the Negev, Israel, in the Department of Electrical Engineering.

For the past year, I have been immersed in research within the field of Optical Communication at Ben-Gurion University of the Negev in Israel.
